Uncle left one on the turntable and four in the box, but Simon put them all away. So they are not with the items left on the table, so we have no pictures of them. Does it mean they are not important, the story seems to follow the same track as the Parsifal story - Uncles injured leg, failing his quest. Why did Simon put them away? <b>Dr Liebchen</b> Junkie  Posts: 775 Registered: Jan 2000	posted 21-06-2006 15:59 <a href="#">Click Here to See the Profile for Dr Liebchen</a> <a href="#">Click Here to Email Dr Liebchen</a> <a href="#">send a private message to Dr Liebchen</a> <a href="#">Edit/Delete Message</a> <a href="#">Reply w/Quote</a> <hr/> I believe that there are at least two important concepts involved in what happens to the records. The first one is that they are "re-united". This concept of union, group, etc. seems very important. The second concept is the $1+4=5$ . You have one, and you have four, you put them together and it makes five. This may just point you to where the equations behind the Bayle photograph comes from.  As you can see, I am not too focused on the meaning of the exact sequence of events related to the records and how it relates to the quest. I am more interested in the fact that what happens to the records also happens in other places in a different way and in a different order, and this makes be believe that you have to look at the concepts that are highlighted in the story in general. This concept of joining is involved in many places, and the fact that it happens to records may or may not be important. The concept of joining is important in itself. Unfortunatel I don't know where to apply it. Perhaps to the list of grail keepers present at the funeral? (Please join "us")  Dr Liebchen <p style="text-align: right;">IP: <a href="#">Logged</a></p>

I think because some of the answers were so easily come by on this site, you tend not to use the information in the book that was meant to get you to the answer. Hope you understand what I mean. I don't think you can accept answers given by anyone else unless you work them back to understand why and if they are correct. Foxglove <p style="text-align: right;">IP: <a href="#">Logged</a></p>
